ABP-305164-19

The documentation on file, and the memo from the Senior Administrative Officer dated 23rd August 2019, were considered at a Board meeting held on August 29th, 2019.

The Board decided, for the reasons and considerations set out below, to refuse the request to enter into pre-application consultations in relation to an application to further develop the quarry in question.

Reasons and Considerations

Having regard to the statutory timescale within which an application under Section 37L is required to be submitted in this instance, to the fact that any pre-application consultation would relate solely to the administrative requirements of such an application, and that the administrative requirements of the making of such an application are clearly set out in the legislation, it is considered that the holding of pre-application consultations would not be warranted.

Board Member

Date: 29th August 2019
