The submissions on this file and the Inspector's report were considered at a Board meeting held on 26/11/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the Dun Laoghaire-Rathdown County Development Plan 2016 - 2022 and the zoning for residential purposes, to the location of the site in an established residential area and to the nature, form, scale and design of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application on the 13th of March 2019 and as amended by the further plans and particulars submitted on the 28th of June 2019, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to

commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2 The proposed development shall be amended as follows:

- (i) The small window on the front elevation shall be omitted.
- (ii) The ground floor of the front elevation shall have a brick finish to harmonise with the existing brick.

Revised plans and particulars indicating the revisions shall be submitted to and agreed in writing with the planning authority prior to commencement of works.

Reason: In the interest of visual amenity.

3. The proposed family flat extension shall be used solely for that purpose and shall revert to use as part of the main dwelling on the cessation of such use.

Reason: In order to comply with the objectives of the current development plan for the area.

4. The external finishes of the proposed extensions shall harmonise with those of the existing dwelling in respect of colour and texture. Samples of the proposed materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

5. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works.

Reason: To ensure adequate servicing of the development, and to prevent pollution.

6. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between the hours of 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the amenities of property in the vicinity.

7. That all necessary measures be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works.

Reason: To protect the amenities of the area.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
