The submissions on this file and the Inspector's report were considered at a Board meeting held on December 5th, 2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the Mayo County Development Plan 2014 – 2020, to the existing pattern of development in the area and the planning history of the subject site, it is considered that the development for which retention is sought would not seriously injure the amenities of the area or of property in the area, and would be compatible with the agricultural use of neighbouring lands. The development for which retention is sought would, therefore, be in accordance with the proper planning and sustainable development of the area.

Condition

The development shall be retained in accordance with the plans and particulars lodged with the application.
