ABP-305330-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 30/12/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the Z1 zoning objective for the area, the central location, the design and form of the proposed development and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would be generally in accordance with the Dublin City Development Plan 2016-2022, would not seriously injure the amenities of adjacent residential neighbourhoods or of the property in the vicinity, would not be prejudicial to public and environmental health and would be acceptable in terms of traffic safety and convenience. The proposed development would therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be carried out in accordance with the plans and particulars lodged with the application as amended by the further information submitted on 17th day of July 2019 except as may otherwise be required in order to comply with the following conditions

Reason: In the interest of clarity.

- 2 Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Roof colour shall be blue-black, black, dark brown or dark grey in colour only.

Reason: In the interest of orderly development and in the interest of visual amenity.

- 3 Model ABP condition for estate names.

Reason: In the interests of urban legibility.

4. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

5. Standard ABP condition on Irish Water connection.

6. All service cables associated with the proposed development (such as electrical, communal television, telephone and public lighting cables) shall be run underground within the site. In this regard ducting shall be provided to facilitate the provision of broadband infrastructure within the development.

Reason: In the interest of orderly development and the visual amenities of the area.

7. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

8. The developer shall facilitate the preservation, recording and protection of archaeological materials or features that may exist within the site. In this regard the developer shall –
 - (a) Notify the planning authority in writing at least four weeks prior to the commencement of any site operation (including hydrological and geotechnical investigations) relating to the proposed development,
 - (b) Employ a suitably qualified archaeologist who shall monitor all site excavations and other excavation works, and
 - (c) Provide arrangements, acceptable to the planning authority, for the recording and for the removal of any archaeological material which the authority considers appropriate to remove.

In default of any of these requirements the matter shall be referred to An Bord Pleanála for determination.

Reason: In order to conserve the archaeological heritage of the site and to secure the preservation and protection of any remains that may exist within the site.

9. Model ABP condition for the management of waste
10. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with the planning authority prior to commencement of development. This plan shall be prepared in accordance with “Best Practice

Guidelines on the Preparation of Waste Management Plans for Construction and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July 2006.

Reason: In the interest of sustainable waste management.

11. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interest of public safety and residential amenity.

12. All the in-curtilage car parking spaces serving the residential units shall be provided with electric connections to the exterior of the houses to allow for the provision of future electric vehicle charging points. Details of how it is proposed to comply with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of sustainable transportation.

13. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company or other security to secure the provision and satisfactory completion of roads, footpaths, water mains. Drains, open space and other services required in connection with the development coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.

Reason: To ensure the satisfactory completion of the development.

14. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting the development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the scheme at the time of payment. Details of the application of the terms of the scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the Board to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000 that a condition requiring a contribution in accordance with the Development Contributions Scheme made under section 48 if the Act be applied to the permission.

15. The developer shall pay to the planning authority a financial contribution as a special contribution under section 48(2)(c) of the Planning and Development Act 2000 in respect of public open space. The amount of the contribution shall be agreed between the planning authority and the developer, or in default of such agreement, the matter shall be referred to the Board for determination. The contribution shall be paid prior to the commencement of development or in such phased payments as the planning authority may facilitate and shall be updated at the time of payment in

accordance with the changes in the Wholesale Price Index – Building and Construction (Capital Goods) published by the central statistics office.

Reason: It is considered reasonable that the developer should contribute towards the specific exceptional costs which are incurred by the planning authority which are not covered in the Development Contribution Scheme and which will benefit the proposed development.
