ABP-305599-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 12/02/2020.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

On the basis of the submissions made in connection with the planning application and appeal, it appears to the Board that the proposed development relates to a site which is the subject of a development in the form of a vehicular access that does not have the benefit of planning permission and that the proposed development would facilitate the consolidation and intensification of this use. Accordingly, it is considered that it would be inappropriate for the Board to consider the grant of a permission for the proposed development in such circumstances.
