Reasons and Considerations

Note: The Board, in making its decision, did not concur with the Inspector's Appropriate Assessment Screening Assessment, in so far as it took into account mitigation measures. Instead, the Board agreed with the amended Appropriate Assessment Screening Statement, submitted by the applicant to the Board on 21st January 2020, that the development would not be likely to have any significant effects on any European site, in the light of the qualifying interests, and in the absence of any such mitigation measures.
