ABP-305669-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 13/12/2019.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the nature, extent and design of the development proposed, to the general character and pattern of development in the area and to the provisions of the Fingal County Council Development Plan 2017-2023, it is considered that, subject to compliance with the conditions set out below, the proposed development would be in accordance with Objective DMS43 of the Development Plan, would not seriously injure the visual or residential amenities of property in the vicinity and would not be out of character with the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out, completed and retained in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 16 October 2019, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of

development and the development shall be carried out, completed and retained in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed front door to the family flat accommodation shall be replaced with a window, in accordance with the drawing submitted to the Board on 16 October 2019, entitled 'proposed extension plan and elevation', drawing number ABP-001.

Reason: In order to comply with the objectives of the current development plan for the area.

3. The proposed family flat extension shall be used solely for that purpose, and shall revert to use as part of the main dwelling on the cessation of such use.

Reason: In order to comply with the objectives of the current development plan for the area.

4. The external finishes of the proposed extension, including roof tiles/slates, shall be the same as those of the existing dwelling in respect of colour and texture.

Reason: In the interest of visual amenity.

5. All public service cables for the development, including electrical and telecommunications cables, shall be located underground throughout the site.

Reason: In the interest of visual amenity.

6. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

7. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
