**ABP-305690-19**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 07/02/2020.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the relevant provisions of the Nenagh Town & Environs Development Plan 2013 and the nature and scale of the proposed development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenities of the area and would be acceptable in terms of pedestrian traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement

of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The proposed vehicular access shall be omitted, and vehicular access shall be via the existing access point serving No. 40 Brookville Green, which shall provide shared access off the public road network for the existing and proposed dwellings. Revised plans setting out the layout of the parking area and associated public realm including surfacing materials within the site, shall be submitted to and agreed in writing with the planning authority, prior to commencement of development.

**Reason:** In the interest of pedestrian and traffic safety.

3. The proposed fence and walls bounding the front garden/parking area of the proposed dwelling shall be omitted. This front garden/parking area shall be entirely open plan.

**Reason:** In the interest of visual amenity.

4. The rear boundary between the proposed dwelling and No. 4 Brookville Green, shall be constructed in concrete block or post and concrete panel form and shall not be constructed with timber.

**Reason:** In the interest of residential amenity.

5. Details of the materials, colours and textures of all the external finishes to the proposed house shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

6. Prior to commencement of development, the developer shall enter into a water and/or wastewater connection agreement(s) with Irish Water.

**Reason:** In the interest of public health.

7. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

8. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the residential amenities of property in the vicinity.

9. All service cables associated with the proposed development (such as electrical, television and telephone cables) shall be placed underground.

**Reason:** In the interest of visual amenity.

10. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefitting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

**Board Member**

**Date:** 07/02/2020
