ABP-305774-19

The submissions on this file were considered at a Board meeting held on 08/01/2020.

The Board decided to refuse permission for the following reasons and considerations.

Reasons and Considerations

It is considered that, the application made to the planning authority, which purports to amend the previous permission (granted by the planning authority on 1st February 2017 under Planning Register Reference Number (F16A/0483) by removal of a condition (No 2) attached to that permission, cannot be considered in isolation from the entire development which was the subject of the previous permission. It is considered that the Board is precluded from the granting of permission on foot of the present planning application which does not constitute a proper planning application.
