**ABP-305890-19**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 21/02/2020.

The Board decided to grant permission, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the residential zoning objective for the site and the relevant policies and objectives of the Cork City Development Plan 2015-2021, to the site context including the existing vehicular access, to the planning history of the site and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential amenities of the area or the amenities of property in the vicinity, would be acceptable in terms of pedestrian and traffic safety and would constitute an appropriate scale, design and layout of residential development by reference to the landscape character of the site. The proposed development would, therefore, be in accordance with the proper planning and development of the area.

In deciding not to accept the Inspector's recommendation to refuse permission, the Board considered that the proposed development would constitute an appropriate design and layout response to the characteristics of the site, and that the Inspector's sole recommended reason for refusal based on residential density, was not warranted in this specific instance having regard to the particularities of the site specifically the landscape character, the backland context and the existing vehicular access.

## Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 18<sup>th</sup> September 2019, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. The site shall be landscaped in accordance with a comprehensive scheme of landscaping, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. The landscaping scheme shall include details of all existing trees to be retained on site and those to be removed. All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed with the planning authority.

**Reason:** In the interest of residential and landscape amenity.

3. The internal road/shared surface network serving the proposed development, including the turning area and kerbs, shall comply with the detailed standards of the planning authority for such road works, and shall be in accordance with all relevant aspects of DMURS.

**Reason:** In the interest of amenity and of pedestrian and traffic safety.

4. Drainage arrangements, including the disposal and attenuation of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

5. Prior to commencement of development, the developer shall enter into water and wastewater connection agreements with Irish Water.

**Reason:** In the interest of public health.

6. Prior to commencement of development, the developer shall provide details of the routing of an existing sewer (if any) passing through the site, including any related diversions and/or setbacks, to the planning authority for written agreement.

**Reason:** In the interest of clarity and public health.

7. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of traffic management, intended construction practice for the development, including noise management measures, tree protection measures and off-site disposal of construction/demolition waste.

**Reason:** in the interest of residential amenity and public safety.

8. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the amenities of property in the vicinity.

9. Proposals for a house naming and a house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all

estate and street signs and house numbers shall be provided in accordance with the agreed scheme.

**Reason:** In the interest of urban legibility.

10. All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.

**Reason:** In the interest of visual and residential amenity.

11. All in curtilage car parking spaces serving residential units shall be provided with electric connections to the exterior of the houses to allow for the provision of future electric vehicle charging points. Details of how it is proposed to comply with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of sustainable transportation.

12. Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interests of amenity and public safety.

13. The management and maintenance of the proposed development following its completion shall be the responsibility of a legally constituted management company. A management scheme providing adequate measures for the future maintenance of the roads and communal areas shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** To provide for the satisfactory future maintenance of this development in the interest of residential amenity.

14. Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion of roads,

footpaths, watermains, drains, open space and other services required in connection with the development, couple with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer, or in default of agreement, shall be referred to An Bord Pleanala for determination.

**Reason:** To ensure the satisfactory completion of the development.

15. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the terms of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanala to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

**Board Member**
