At a meeting held on 16/04/2020, the Board considered the report of the Planning Inspector, as well as the documents and submissions on file, in relation to the proposed development consisting of a 110kV substation and associated loop-in infrastructure to tie into the existing 110kV Shankill – Lisdrum overhead transmission line at Newbliss, Co Monaghan.

The Board determined, in accordance with the Inspector's reasoning and recommendation, that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 25<sup>th</sup> day of November 2019, falls within the scope of section 182A of the Planning and Development Act, 2000, as amended, and that a planning application should be made directly to the Board.
