ABP-306143-19

The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/03/2020.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

Having regard to the restricted nature and prominent location of this corner site and the established pattern of development in the surrounding neighbourhood, the Board considered that the proposed development by reason of its scale, form and design would constitute overdevelopment of a limited site area, would result in the provision of inadequate open space for the proposed and existing houses and would be out of character with existing development in the vicinity. The proposed development would, therefore, seriously injure the amenities of the area and would be contrary to the proper planning and sustainable development of the area.
