At a meeting held on 20/06/2022, the Board considered the documents and submissions on file generally and the report of the Inspector.

The Board considered and accepted the points put forward by the applicant and the Inspector, namely that the proposed Railway Improvements Works on the Maynooth Line and City Centre enhancements as part of the DART Expansion programme (DART+ West) can be considered to be “railway works” as defined in the Transport (Railway Infrastructure) Act 2001, as amended.

The Board agreed with the list of Prescribed Bodies, as recommended by the Inspector, to whom the application documents should be forwarded for their consultation and consideration, with the addition of the Environmental Protection Agency, and also agreed to close the consultation.
