**BD-006026-20**  
**ABP-306651-20**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 30/06/2020.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the zoning objective, the design, layout and scale of the proposed development and the pattern of development in the area, it is considered that subject to compliance with conditions below, the proposed development would not seriously injure the visual amenities of the area or residential amenity of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area

### **Conditions**

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Details of the materials, colours and textures of all external finishes to the proposed dwelling house shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

**Reason:** In the interest of visual amenity.

3. Details of proposed roadside boundary treatment including heights, materials and finishes together with details of the area between the public road carriageway and the revised boundary wall, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. No other development shall commence on foot of this grant of permission until the roadside boundary wall has been constructed.

**Reason:** In the interest of traffic safety and visual amenity.

4. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health.

5. The developer shall enter into water and/or wastewater connection agreement(s) with Irish Water prior to the commencement of development.

**Reason:** In the interest of public health.

6. All public services to the proposed development, including electrical, telephone cables and associated equipment shall be located underground throughout the entire site.

**Reason:** In the interest of visual amenity.

7. Site development and building works shall be carried out only between the hours of 0800 and 1800 from Mondays to Fridays inclusive, between 0800 and 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

**Reason:** In order to safeguard the amenities of property in the vicinity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

**Board Member**

**Date:** 30/06/2020
