At a meeting held on 23/09/2020, the Board considered the documents and submissions on file generally and the report of the Inspector, in relation to the proposed development comprising the development of a 12-turbine windfarm with associated infrastructure (including a 110kV grid connection) and site works within the townlands of Tullamore, Ballyline West, Dromlivaun and Coolkeragh, County Kerry.

The Board determined, in accordance with the Inspector's reasoning and recommendation, that the proposed development constitutes development that falls within the definition of energy infrastructure in the Seventh Schedule of the Planning and Development Act 2000, as amended, thereby satisfying the requirements set out in Section 37A(1) of the Act. The proposed development is also considered to be of strategic importance by reference to the requirements of Section 37A(2)(a) and 37A(2)(b) of the Planning and Development Act 2000, as amended. An application for permission for the proposed development must therefore be made directly to An Bord Pleanála under Section 37E of the Act.
