The submissions on this file were considered at a Board meeting held on 09/03/2020.

The Board decided to grant a further extension of time to apply for Substitute Consent based on the reasons and considerations set out below.

Reasons and Considerations

The Board noted the request made for an extension of the period for the making of the application for substitute consent in this instance, arising from the need to complete necessary ecological work. It is considered that an extension of 52 weeks would be reasonable and appropriate to enable completion of the remedial Environmental Impact Assessment Report and remedial Natura impact statement.
