The submissions on this file and the Inspector's report were considered at a Board meeting held on 03/09/2020.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the policies and objectives as set out in the Cork City Development Plan 2015-2021, to the scale and nature of the proposed development and to the nature and character of the surrounding environment, it is considered that subject to compliance with the conditions set out below, the proposed development would be an acceptable form of development at this location and would not seriously injure the amenities of the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement

of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The existing finishes of the proposed dormer extension (including roof tiles/slates) shall be the same as those of the existing dwelling in respect of colour and texture. Samples of the proposed materials shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.
