At a meeting held on 04/04/2022, the Board considered the report of the Inspector, and the documents and submissions on file generally, in respect of the proposed development, comprising the development of a 26-turbine windfarm, with an estimated energy generating output of 125-155MW, together with associated infrastructure and site works at Ballivor Bog in Counties Meath and Westmeath.

The Board decided that the proposed development constitutes development that falls within the definition of strategic infrastructure in the Seventh Schedule of the Planning and Development Act 2000, as amended, and is considered to be of strategic importance by reference to the requirements of Section 37A(2)(a), (b) & (c) of the Act. An application for permission for the proposed development must, therefore, be made directly to An Bord Pleanála under Section 37E of the Act.
