The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the nature, scale and design of the proposed development, to the general character and pattern of development in the area and to the provisions of the Kildare County Development Plan 2017-2023, it is considered that, subject to compliance with the conditions set out below, the proposed development would be in accordance with Objective SR03 of the Development Plan, would not seriously injure the residential or visual amenities of property in the vicinity and would not be out of character with the area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.
