ABP-307870-20

The submissions on this file and the Inspector's report were considered at a Board meeting held on 02/03/2021.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

The truck and plant maintenance shed relates to a site the use of which is unauthorised for quarrying activity. The development to be retained would facilitate and support this unauthorised use. Accordingly, it is considered that it would be inappropriate for the Board to consider the grant of a permission for retention for the development in such circumstances.
