Board Direction
BD-006877-20
ABP-308005-20

At a meeting held on 06/11/2020, the Board considered the documents and submissions on file generally, and the report of the Inspector.

The Board decided that the proposed development, consisting of the provision of additional 110kV infrastructure to extend and expand the existing Slievecallan substation at Knocklassa, County Clare, to accommodate the connection of the proposed Slieveacurry wind turbines, as set out in the plans and particulars received by An Bord Pleanála on the 24th day of August 2020, does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to Clare County Council.
