The submissions on this file and the Inspector's report were considered at a Board meeting held on 05/05/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the provisions of the Dun Laoghaire-Rathdown County Development Plan 2016 – 2022 and the Architectural Heritage Protection - Guidelines for Planning Authorities (2011), the zoning of the site for residential purposes, the location of the site in an established residential area, the pattern of existing and permitted development in the area, and the nature, form, scale and design of the proposed development, it is considered that, subject to the conditions set out below, the proposed development would not seriously injure the amenities of the area, would not detract from the character or setting of the protected structure or neighbouring protected structures, and would not be detrimental to the character of the Architectural Conservation Area. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

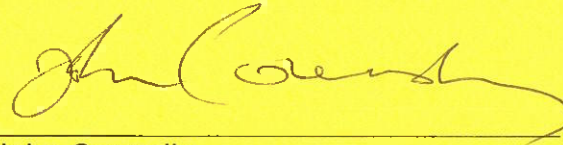

Conditions

1.	<p>The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p>Reason: In the interest of clarity.</p>
2.	<p>All works to the protected structure, shall be carried out under the supervision of a qualified professional with specialised conservation expertise.</p> <p>Reason: To secure the authentic preservation of this protected structure and to ensure that the proposed works are carried out in accordance with best conservation practice.</p>
3.	<p>Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001 as amended, and any statutory provision replacing or amending them, no development falling within Class 1 or Class 3 of Schedule 2, Part 1 of those Regulations shall be erected on the site/within the rear garden area, without a prior grant of planning permission.</p> <p>Reason: In the interest of the amenities of the area.</p>

4. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0700 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.
