The submissions on this file and the Inspector's report were considered at a Board meeting held on 22/04/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the pattern of development in the area, the site size and configuration and the footprint, scale, form, height and design of the proposed development, it is considered that subject to compliance with the conditions set out below, the proposed development can would accommodated within the site and would not seriously injure the visual amenities of the area or the residential amenities of the adjoining property by reason of overdevelopment, visual obtrusiveness and overbearing impact, overshadowing or overlooking and would be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars lodged on 9th September, 2020 except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior

to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The following requirement shall be provided for and adhered to in the development:
 - (a) The dwelling shall be used as a single dwelling unit only.
 - (b) The garage/shed shall not be used for human habitation or any purposes other than use incidental to the residential use of the main dwelling.

Reason: In the interest of clarity and the residential amenities of the area.

3. The use of timber on the front façade shall be omitted and replaced with natural stone facing. Details of the materials, colours and textures of all the external finishes to the proposed development, shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

4. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including construction traffic routing and management, construction parking, materials storage, noise management measures and off-site disposal of construction/demolition waste.

Reason: In the interests of public safety and residential amenity.

5. Construction and demolition waste shall be managed in accordance with a construction waste and demolition management plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall be prepared in accordance with the "Best Practice Guidelines on the Preparation of Waste Management Plans for Construction

and Demolition Projects”, published by the Department of the Environment, Heritage and Local Government in July 2006. The plan shall include details of waste to be generated during site clearance and construction phases, and details of the methods and locations to be employed for the prevention, minimisation, recovery and disposal of this material in accordance with the provision of the Waste Management Plan for the Region in which the site is situated.

Reason: In the interest of sustainable waste management.

6. Site development and building works shall be carried only out between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0800 hours to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

7. Landscaping shall be carried out in accordance with an agreed scheme and shall be completed within the first planting season following the substantial completion of external construction works. All existing party boundary walls and hedgerow shall be retained. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.

Reason: In the interest of residential and visual amenities.

8. Water supply and drainage arrangements, including the attenuation and disposal of surface water and mitigation measures against flood risk including in the basement area, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

9. The developer shall enter into water supply and wastewater connection agreements with Irish Water, prior to commencement of development.

Reason: In the interest of public health.
