ABP-308901-20**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 18/08/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

1.0 Reasons and Considerations

Having regard to the site's location in the built up area of Drogheda on lands with a zoning objective for residential development in the Drogheda Borough Development Plan 2011-2017, to the nature, scale and design of the proposed development, to the pattern of existing and permitted development in the area, and to the provisions of the Guidelines on Sustainable Residential Development in Urban Areas, issued by the Department of the Environment, Heritage and Local Government in May, 2009, the Sustainable Urban Housing: Design Standards for New Apartments issued by the Department of the Housing, Local Government and Heritage in December 2020, the Guidelines on Urban Development and Building Heights issued by the Department of Housing Planning and Local Government in December 2018, and the Design Manual for Urban Roads and Streets (DMURS) issued by the Department of Transport, Tourism and Sport and the Department of the Environment, Community and Local Government in April, 2013, it is considered that, subject to compliance with the conditions set out below, the proposed development:

- would not injure the cultural or natural heritage of the area, its landscape or character,

- would not seriously injure the amenities of property in the vicinity of the site;
- would provide an acceptable level of residential amenity for its occupants;
- would have the benefit of an adequate water supply and drainage facilities and would not be at undue risk of flooding; and
- would be acceptable in terms of traffic and pedestrian safety and convenience and would not give rise to traffic hazard.

The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Appropriate Assessment Screening

The Board completed an Appropriate Assessment screening exercise in relation to the potential effects of the proposed development on designated European Sites, taking into account the nature, scale and location of the proposed development within a zoned and serviced urban area, the Inspector's report and submissions on file. In completing the screening exercise, the Board adopted the report of the Inspector and concluded that, by itself or in combination with other development in the vicinity, the proposed development would not be likely to have a significant effect on any European Site in view of the conservation objectives of such sites, and that a Stage 2 Appropriate Assessment is not, therefore, required.

2.0 Conditions

1.	The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further information submitted to the planning authority on the 30 th day of October, 2020, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance
----	--

	<p>with the agreed particulars. In default of agreement, such issues may be referred to An Bord Pleanála for determination.</p> <p>Reason: In the interest of clarity</p>
2.	<p>The management and maintenance of the proposed development following its completion shall be the responsibility of a legally constituted management company. A management scheme providing adequate measures for the future maintenance of public open spaces, roads and communal areas shall be submitted to, and agreed in writing with, the planning authority prior to occupation of the development.</p> <p>Reason: To provide for the satisfactory future maintenance of this development in the interest of residential amenity</p>
3.	<p>The communal open space shall be laid out and landscaped prior to the occupation of the permitted apartments. The planting, boundary and surface treatments shall generally be in accordance with the proposals submitted to the planning authority as further information on 30th October 2020, with the addition of a play space for young children with suitable play equipment that can be properly supervised by parents/guardians. Revised plans showing this play area shall be submitted for the written agreement of the planning authority prior to the commencement of development.</p> <p>Reason: To provide proper recreational amenities for the residents of proposed development.</p>
4.	<p>The materials, colours and finishes of the authorised buildings, shall generally be in accordance with the details submitted with the application, unless the prior written agreement of the planning authority is obtained to minor departures from those details.</p> <p>Reason: In the interests of visual amenity</p>
5.	<p>Opaque screens at least 1.8m high shall be erected and maintained on the eastern side of the balconies on the south-eastern part of the permitted building serving apartments numbered 5, 9, 13 and 16 on the submitted floor plans that shall be sufficient to prevent overlooking of the private open spaces behind the apartment building on the adjoining land to the east in</p>

	<p>Boyne Meadow. Details of these screens shall be submitted for the written agreement of the planning authority prior to the commencement of development.</p> <p>Reason: To protect the amenities of neighbouring property.</p>
6.	<p>All service cables associated with the proposed development (such as electrical, telecommunications and communal television) shall be located underground. Ducting shall be provided by the developer to facilitate the provision of broadband infrastructure within the proposed development.</p> <p>Reason: In the interests of visual and residential amenity</p>
7.	<p>A minimum of 10% of all communal car parking spaces should be provided with functioning EV charging stations/points, and ducting shall be provided for all remaining car parking spaces, including in-curtilage spaces, facilitating the installation of EV charging points/stations at a later date. Where proposals relating to the installation of EV ducting and charging stations/points has not been submitted with the application, in accordance with the above noted requirements, such proposals shall be submitted and agreed in writing with the Planning Authority prior to the occupation of the development.</p> <p>Reason: To provide for and/or future proof the development such as would facilitate the use of Electric Vehicles</p>
8.	<p>Proposals for street names, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all signs, and numbers shall be provided in accordance with the agreed scheme. The proposed names shall be based on local historical or topographical features, or other alternatives acceptable to the planning authority.</p> <p>Reason: In the interest of urban legibility and to ensure the use of locally appropriate placenames for new residential areas</p>

9.	<p>Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.</p> <p>Reason: In the interests of public health</p>
10.	<p>The applicant or developer shall enter into water and wastewater connection agreements with Irish Water, prior to commencement of development.</p> <p>Reason: In the interest of public health</p>
11.	<p>The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including, construction traffic management, hours of working, noise management measures and off-site disposal of construction/demolition waste.</p> <p>Reason: In the interests of public safety and residential amenity.</p>
12.	<p>Site development and building works shall be carried out only between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p>Reason: In order to safeguard the residential amenities of property in the vicinity.</p>
13.	<p>Electric charging facilities shall be provided for cycle parking and proposals shall be submitted to and agreed in writing with the Planning Authority prior to the occupation of the development</p> <p>Reason: In the interest of orderly development and to provide for and future proof the development as would facilitate the use of electric cycles.</p>

14.	<p>Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.</p> <p>Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area</p>
15.	<p>The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.</p> <p>Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission</p>
