ABP-309033-20

The submissions on this file and the Inspector's report were considered at a Board meeting held on 13/05/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the planning history and to the brownfield nature of the appeal site, its context within an existing urban area, adjoining an existing residential development that is served by shared open space, the detailed design, scale and form of the development, it is considered that, subject to compliance with the conditions set out below, the proposed development would not detract from the character or amenity of the area and would be acceptable in terms of residential density, open space provision and traffic safety. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

- | | |
|----|--|
| 1. | The development shall be retained, carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 30 th day of October 2020 except as may otherwise be required in order to comply with |
|----|--|

	<p>the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p>Reason: In the interest of clarity</p>
2.	<p>Prior to the commencement of any house in the development as permitted, the applicant or any person with an interest in the land shall enter into an agreement with the planning authority (such agreement must specify the number and location of each house), pursuant to Section 47 of the Planning and Development Act 2000, that restricts all houses permitted, to first occupation by individual purchasers i.e. those not being a corporate entity, and/or by those eligible for the occupation of social and/or affordable housing, including cost rental housing.</p> <p>Reason: To restrict new housing development to use by persons of a particular class or description in order to ensure an adequate choice and supply of housing, including affordable housing, in the common good.</p>
3.	<p>Prior to commencement of development, the developer shall enter into water and/or waste water connection agreement(s) with Irish Water.</p> <p>Reason: In the interest of public health.</p>
4.	<p>Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: In the interest of visual amenity.</p>
5.	<p>The site shall be landscaped in accordance with a comprehensive scheme of landscaping, details of which shall be submitted to, and agreed in writing</p>

	<p>with, the planning authority prior to commencement of development. The scheme shall include a timescale for implementation.</p> <p>All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development or until the development is taken in charge by the local authority, whichever is the sooner, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.</p> <p>Reason: In the interest of residential and visual amenity.</p>
6.	<p>Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be provided prior to the making available for occupation of any house.</p> <p>Reason: In the interests of amenity and public safety.</p>
7.	<p>Proposals for an estate/street name, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).</p> <p>Reason: In the interest of urban legibility [and to ensure the use of locally appropriate placenames for new residential areas].</p>
8.	<p>Prior to commencement of development, the applicant or other person with an interest in the land to which the application relates shall enter into an agreement in writing with the planning authority in relation to the provision of housing in accordance with the requirements of section 94(4) and section 96(2) and (3) (Part V) of the Planning and Development Act 2000, as amended, unless an exemption certificate shall have been applied for and been granted under section 97 of the Act, as amended. Where such</p>

	<p>an agreement is not reached within eight weeks from the date of this order, the matter in dispute (other than a matter to which section 96(7) applies) may be referred by the planning authority or any other prospective party to the agreement to An Bord Pleanála for determination.</p> <p>Reason: To comply with the requirements of Part V of the Planning and Development Act 2000, as amended, and of the housing strategy in the development plan of the area.</p>
9.	<p>The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including hours of working, noise management measures and off-site disposal of construction/demolition waste.</p> <p>Reason: In the interests of public safety and residential amenity.</p>
10.	<p>Site development and building works shall be carried out only between the hours of 0700 to 1800 Mondays to Fridays inclusive, between 0900 to 1300 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p>Reason: In order to safeguard the residential amenities of property in the vicinity.</p>
11.	<p>Drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works.</p> <p>Reason: To ensure adequate servicing of the development, and to prevent pollution.</p>
12.	<p>All public service cables for the development, including electrical and telecommunications cables, shall be located underground throughout the site.</p> <p>Reason: In the interest of visual amenity.</p>

13.	<p>Surface water from the site shall not be permitted to drain onto the adjoining public road.</p> <p>Reason: In the interest of traffic safety.</p>
14.	<p>Prior to the occupation of any dwelling unit, the recommendations of the Road Safety Audit shall be implemented to the satisfaction of the Planning Authority.</p> <p>Reason: In the interest of traffic safety.</p>
15.	<p>All roads, footpaths, parking areas, public lighting and underground services shall be completed prior to the occupation of any housing unit.</p> <p>Reason: In the interest of orderly development and residential amenity.</p>
16.	<p>The internal road network serving the proposed development including turning bays, junctions, parking areas, footpaths and kerbs shall comply with the detailed standards of the planning authority for such road works.</p> <p>Reason: In the interest of amenity and of traffic and pedestrian safety.</p>
17.	<p>The management and maintenance of the proposed development following its completion shall be the responsibility of a legally constituted management company, or by the local authority in the event of the development being taken in charge. Detailed proposals in this regard shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: To ensure the satisfactory completion and maintenance of this development.</p>
18.	<p>The development hereby permitted shall be carried out and completed at least to the construction standards set out in "Recommendations for Site Development Works for Housing Areas" issued by the Department of the Environment and Local Government in October 1998, except where superseded by the planning authority's <i>Taking in Charge Policy</i> (WSTGC 2008) and <i>Storm Technical Guidance Document 2017</i>. Following completion, the development shall be maintained by the developer, in compliance with these standards, until taken in charge by the planning authority.</p>

	<p>Reason: To ensure that the development is carried out and completed to an acceptable standard of construction.</p>
19.	<p>Prior to commencement of development, the developer shall lodge with the planning authority a cash deposit, a bond of an insurance company, or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the local authority of roads, footpaths, watermains, drains, public open space and other services required in connection with the development, coupled with an agreement empowering the local authority to apply such security or part thereof to the satisfactory completion or maintenance of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.</p> <p>Reason: To ensure the satisfactory completion and maintenance of the development until taken in charge.</p>
20.	<p>The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.</p> <p>Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.</p>
