---

The submissions on this file and the Inspector's report were considered at a Board meeting held on 01/06/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the local centre zoning of the site within an urban location, the established use and planning history of the site, the relevant policies and objectives of the South Dublin County Development Plan 2016-2020 and the documentation submitted on file, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the residential or visual amenity of the area, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1.	<p>The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p><b>Reason:</b> In the interest of clarity.</p>
2.	P.A. Condition No. 7
3.	EntNoise
4.	RetailAd 4
5.	UrbanWaterdrain
6.	IrishWater
7.	<p>Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0700 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p><b>Reason:</b> In order to safeguard the residential amenities of properties in the vicinity.</p>
8.	<p>The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to</p>

commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
