At a meeting held on 26/04/2021, the Board considered the report of the Inspector and the documents and submissions on file generally.

Having regard to the provisions of the Planning and Development Act 2000, as amended, and the nature of the proposed development which consists of a 110kV substation and 110kV grid connection and associated works to connect the permitted Grange Back-up Power Plant to the Kilmahud substation at Grange Castle Business Park, Lucan, Dublin 22, as set out in the plans and particulars received by An Bord Pleanála on the 15th day of January 2020 and the 8th day of April 2021, it is considered that the proposed development falls within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made directly to the Board.
