Reasons and Considerations

In coming to its decision, the Board had regard to the following.

- Telecommunications Antennae and Support Structures and DoECLG Circular Letter PL07/12
- The objectives Sligo County Development Plan 2017-2023
- The nature and scale of the proposed replacement telecoms monopole
- The submissions and observations received
- The decision of the planning authority
- The report of the Inspector

And considered that the proposed development, subject to compliance with the conditions as set out below, would achieve the objectives set out in National Policy under the Telecommunications Antennae and Support Structures - Guidelines for Planning Authorities (1996) and the Telecommunications Antennae and Support Structures and DoECLG Circular Letter PL07/12 and the Sligo County development plan.

Furthermore, the Board was satisfied that the proposed development having regard to its limited nature and scale would not seriously injure the residential amenities of adjoining properties and would not seriously injure the visual amenities of the area or contravene Policy P-TEL-1 of the Sligo County Development Plan 2017-2023. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.
