Reasons and Considerations

Having regard to the "Z3" (Neighbourhood Centre) land use zoning which applies the subject site, which has the objective "to provide for and improve neighbourhood facilities", the location of the subject site within an established neighbourhood centre, the existing medical centre use on the site and the nature and scale of the development proposed, which comprises the extension of an established use, it is considered that the proposed development would not seriously injure the amenities of the area or of property in the vicinity. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.
