**ABP-309510-21**

The submissions on this file and the Inspector's report were considered at a Board meeting held on 26/05/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

#### **Reasons and Considerations**

Having regard to the site location, the planning history of the site, the provisions of the Dún Laoghaire Rathdown County Development Plan, 2016-2022, and to the nature, scale, form and design of the development proposed for retention and completion, it is considered that, subject to compliance with the conditions set out below, the development proposed for retention and completion would not seriously injure the visual or residential amenities of property in the vicinity, and would, therefore, be in accordance with the proper planning and sustainable development of the area.

#### **Conditions**

1. The development shall be retained, carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority and the development shall be retained, carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity.

2. Details of the materials, colours and textures of all the external finishes to the development proposed to be retained and completed shall be submitted to, and agreed in writing with, the planning authority prior to recommencement of development.

**Reason:** In the interest of visual amenity.

3. Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

**Reason:** In the interest of public health

4. All service cables associated with the proposed development, (such as electrical, telecommunications and communal television), shall be located underground.

**Reason:** In the interests of visual and residential amenity.

5. Notwithstanding the exempted development provisions of the Planning and Development Regulations, 2001, and any statutory provision amending or replacing them, the garden structure shall be used solely for purposes incidental to the enjoyment of the dwellinghouse as such and shall not be used for human habitation or for any business or commercial purpose, unless otherwise authorised by a prior grant of planning permission.

**Reason:** To protect the amenities of property in the vicinity and in the interest of clarity.

**Board Member**
