The submissions on this file and the Inspector's report were considered at a Board meeting held on 19/05/2021.

The Board decided to refuse permission for the following reasons and considerations.

Reasons and Considerations

1. PA Reason 1
2. PA Reason 2

In deciding not to accept the Inspector's recommendation to grant permission, the Board had regard to the limited size of the site and the scale of development proposed, and considered that the proposed development would result in an unsatisfactory standard of residential amenity for future and existing occupants of the house and result in overdevelopment of the site by reason of inadequate provision of good quality open space. The proposed development would, therefore, be contrary to the proper planning and sustainable development of the area.
