The submissions on this file and the Inspector's report were considered at a Board meeting held on 12/05/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

The proposed development would be in keeping with the zoning objective Z1 'to protect, preserve and improve residential amenity' that applies to the area under the Dublin City Development Plan 2016-2022. It would contribute to the pedestrian permeability of the area and support travel by sustainable modes. The proposed development would be acceptable with regard to the safety and convenience of road users and would not injure the character of the area or the amenities of property in the vicinity. It would therefore be in keeping with the proper planning and sustainable development of the area.

Conditions

1. The proposed development shall be carried out in accordance with the plans and particulars submitted with the application.

Reason: In the interests of clarity

2. Drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health
