ABP-310020-21

The submissions on this file and the Inspector's report were considered at a Board meeting held on 23/08/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the Sustainable Residential Development in Urban Areas Guidelines, Quality Housing for Sustainable Communities: Best Practice Guidelines, Design Manual for Urban Roads and Streets, the Cork City Development Plan 2015 – 2021 and the zoning of the site, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity, and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1.	<p>The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted on the 1st day of March 2021, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p>Reason: In the interest of clarity.</p>
2.	<p>The proposed development shall be amended as follows:</p> <p>(a) Notwithstanding Condition No. 1, the originally submitted design of dwelling house is hereby permitted.</p> <p>(b) The proposed access road shall be specified with finishing materials that denote its status as a shared surface.</p> <p>Revised drawings showing compliance with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: In the interests of visual amenity, legibility, and road safety.</p>

3.	<p>The landscaping scheme shown on Drawing no. L200 revision B, as submitted to the planning authority on the 1st day of March, 2021, shall be carried out within the first planting season following substantial completion of external construction works.</p> <p>All planting shall be adequately protected from damage until established. Any plants which die, are removed or become seriously damaged or diseased, within a period of five years from the completion of the development, shall be replaced within the next planting season with others of similar size and species, unless otherwise agreed in writing with the planning authority.</p> <p>Reason: In the interest of residential and visual amenity.</p>
4.	<p>Details of the materials, colours and textures of all the external finishes to the proposed dwellings shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: In the interest of visual amenity.</p>
5.	<p>Prior to commencement of development, the developer shall enter into water and/or waste water connection agreement(s) with Irish Water.</p> <p>Reason: In the interest of public health.</p>
6.	<p>Surface water drainage arrangements shall comply with the requirements of the planning authority for such works and services.</p> <p>Reason: In the interest of public health.</p>
7.	<p>The access road serving the proposed development shall comply with DMURS.</p> <p>Reason: In the interest of amenity and of traffic and pedestrian safety.</p>

8.	<p>Public lighting shall be provided in accordance with a scheme, details of which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Such lighting shall be designed to take account of bats and it shall be provided prior to the making available for occupation of any house.</p> <p>Reason: In the interests of amenity, ecology, and public safety.</p>
9.	<p>Proposals for an estate/street name, house numbering scheme and associated signage shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. Thereafter, all estate and street signs, and house numbers, shall be provided in accordance with the agreed scheme. No advertisements/marketing signage relating to the name(s) of the development shall be erected until the developer has obtained the planning authority's written agreement to the proposed name(s).</p> <p>Reason: In the interest of urban legibility.</p>
10.	<p>Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0700 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p>Reason: In order to safeguard the residential amenities of property in the vicinity.</p>
11.	<p>The management and maintenance of the proposed access road and adjoining areas of open space following their completion/planting shall be the responsibility of a legally constituted management company, or by the local authority in the event of the road being taken in charge. Detailed proposals in this regard shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: To ensure the satisfactory completion and maintenance of this development.</p>

12. The construction of the development shall be managed in accordance with a Construction Management Plan, which shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development. This plan shall provide details of intended construction practice for the development, including:
- (a) Location of the site and materials compound(s) including area(s) identified for the storage of construction refuse;
 - (b) Location of areas for construction site offices and staff facilities;
 - (c) Details of site security fencing and hoardings;
 - (d) Details of on-site car parking facilities for site workers during the course of construction;
 - (e) Details of the timing and routing of construction traffic to and from the construction site and associated directional signage, to include proposals to facilitate the delivery of abnormal loads to the site;
 - (f) Measures to obviate queuing of construction traffic on the adjoining road network;
 - (g) Measures to prevent the spillage or deposit of clay, rubble or other debris on the public road network;
 - (h) Details of appropriate mitigation measures for noise, dust and vibration, and monitoring of such levels;
 - (i) Containment of all construction-related fuel and oil within specially constructed bunds to ensure that fuel spillages are fully contained. Such bunds shall be roofed to exclude rainwater;
 - (j) Off-site disposal of construction/demolition waste and details of how it is proposed to manage excavated soil;
 - (k) Means to ensure that surface water run-off is controlled such that no silt or other pollutants enter local surface water sewers or drains.

	<p>A record of daily checks that the works are being undertaken in accordance with the Construction Management Plan shall be kept for inspection by the planning authority.</p> <p>Reason: In the interest of amenities, public health and safety.</p>
13.	<p>All of the car parking spaces serving residential units shall be provided with electric connections to the exterior of the houses to allow for the provision of future electric vehicle charging points. Details of how it is proposed to comply with these requirements shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p>Reason: in the interest of sustainable transportation.</p>
14.	<p>Prior to the commencement of any other development, the new vehicular access and parking arrangements for the dwelling houses at Nos. 18 & 19 St. Finbarr's Park shall be fully provided.</p> <p>Reason: In order to ensure the consistent availability of off-street parking.</p>
15.	<p>During the construction phase, the biosecurity recommendations of the Ecological Impact Assessment of the proposal with respect to Japanese Knotweed shall be followed.</p> <p>Reason: In the interest of safeguarding ecology.</p>
