The submissions on this file and the Inspector's report were considered at a Board meeting held on 13/12/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the nature and scale of the proposed development for an extension to the rear of a semi-detached dwelling in a residential estate, it is considered that the nature and scale of the proposed development would be acceptable within the context of the site. The orientation of the site to the north east of No.25 and the design of the proposed development is such that it would not seriously injure the visual and residential amenities of adjoining properties and the area and would, therefore, be in accordance with the policies and objectives of the Fingal Development Plan 2017-2023 and the proper planning and sustainable development of the area.

The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.

Note: The applicant is advised that under the provisions of Section 34(13) of the Planning and Development Act 2000, as amended, a person shall not be entitled solely by reason of a permission to carry out any development.
