The submissions on this file and the Inspector's report were considered at a Board meeting held on 17/09/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the planning history and to the design and minor nature and extent of the proposed changes to House No. 3 in the development permitted under P.A. Reg. Ref. F020A/0342, it is considered that, subject to compliance with the conditions below, the proposed development would not seriously injure the visual amenities of the area or the residential amenities of the adjoining property to the south at No. 133 Dublin Road, and would therefore be in accordance with the proper planning and development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

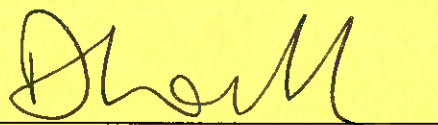

2. The developer shall comply with the conditions attached to the grant of permission under P.A. Reg. Ref. F20A/0342, except as required for the changes authorised in this grant of permission, the duration of which shall cease on 9th day of December, 2025.

Reason: In the interest of clarity.

3. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

Reason: It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
