At a meeting held on 21/02/2022, the Board considered the documents and submissions on file generally and the report of the Inspector, in relation to the proposed development, involving an increase of the rate of soil and stone intake and recovery from 750,000 tonnes per annum to 1,500,000 tonnes per annum at the existing Huntstown South Quarry, Finglas

The Board decided that the proposed development, as set out in the plans and particulars received by An Bord Pleanála on the 12th day of October 2021, does not come within the scope of section 37A(2)(a), (b) and (c) of the Planning and Development Act 2000, as amended and does not therefore constitute strategic infrastructure. An application should therefore be made directly to Fingal County Council in the first instance.
