At a meeting held on 01/10/2021, the Board considered the report of the Inspector and the documents and submissions on file generally in respect of the proposed development, consisting of uprating of the existing 110kV circuit between the Castlebar 110kV substation in County Mayo and Cloon 110kV substation in County Galway, as set out in the particulars received by An Bord Pleanála on the 14<sup>th</sup> day of July 2021.

The Board decided that the proposed development does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to Mayo County Council and Galway County Council.
