The submissions on this file and the Inspector's report were considered at a Board meeting held on 29/03/2022.

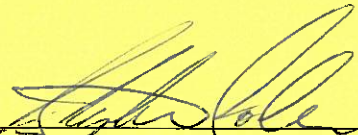

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

1. The dwelling proposed for permission and retention fails to meet the minimum standards for one-bedroom dwellings stipulated in the Kildare County Development Plan 2017-2023. As such, the development proposed for permission and retention constitutes a substandard form of residential development, is contrary to Policy SR1 and Objective SRO1 of the Kildare County Development Plan 2017-2023, would set an undesirable precedent for similar forms of substandard development, and would, therefore, be contrary to the proper planning and sustainable development of the area.

2. The development proposed for permission and retention, by reason of the restricted nature of the site, the limited separation distances to site boundaries, the constrained options for positioning the dwelling within the site, and its siting adjacent to the private amenity space of adjacent properties, is not an appropriate form of infill residential development. The development proposed for permission and retention would be contrary to Zoning Objective 'B: Existing/ Permitted Residential' of the Kilcock Local Area Plan 2015-2021, to Objective SRO2 of the Kildare County Development Plan 2017-2023, and would, therefore, be contrary to the proper planning and sustainable development of the area.
