The submissions on this file and the Inspector's report were considered at a Board meeting held on 04/01/2022.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the pattern of development in the area and the design and scale of the proposed extensions and to the provisions of the Dún Laoghaire-Rathdown County Council Development Plan 2016-2022 it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual amenities of the area or the character of the streetscape and would not seriously injure the amenities of nearby dwellings. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior

to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed alternations and changes to geometry of front roof and proposed alterations to existing dormer windows to the rear shall be omitted.

Reason: In the interest of visual amenity.

3. Water supply and drainage arrangements, including the attenuation and disposal of surface water, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health.

4. Details of the materials, colours and textures of all the external finishes to the proposed extension shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

5. Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

Note: In deciding not to accept the Inspector's recommendation to grant to the proposed amendments to the roof and the rear dormer windows, the Board noted that the applicant's did not appeal the planning authority's condition omitting these

amendments from their decision to grant and having regard to the pattern of development in the area concurred with the planning authority that these amendments would have a negative impact on the visual amenities of the area.
