At a meeting held on 01/10/2021, the Board considered the report of the Inspector and the documents and submissions on file generally in respect of the proposed development, consisting of the refurbishment of the 220kV circuit between the Cashla 220kV substation in County Galway and the Flagford 220kV substation in County Roscommon, as set out in the particulars received by An Bord Pleanála on the 30th day of August 2021,

The Board decided that the proposed development does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should be made in the first instance to Galway County Council and Roscommon County Council.
