The submissions on this file and the Inspector's report were considered at a Board meeting held on 09/11/2021.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to:

- a) the National Planning Framework Project Ireland 2040,
- b) the national strategy regarding the improvement of mobile communications services,
- c) the guidelines relating to telecommunications antennas and support structures which were issued by the Department of the Environment and Local Government to planning authorities in July, 1996, as updated by Circular Letter PL07/12 issued by the Minister for the Environment, Community and Local Government on the 19th day of October, 2012 under Section 28 of the Planning and Development Act 2000, as amended,
- d) the policy of the planning authority as set out in the Fingal County Development Plan 2017-2023, to support the provision of telecommunications and broadband infrastructure,
- e) the established use of the site,

- f) the potential for sharing of the structure and site with other operators,
- g) the general topography of the site and orientation of residential properties within the vicinity of the site to the proposed development,

it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the visual or residential amenities of the area, would not be prejudicial to public health and would, therefore, be in accordance with the proper planning and sustainable development of the area.

### **Conditions**

1 The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

**Reason:** In the interest of clarity

2 Prior to commencement of development, details of the proposed colour scheme for the additional installations shall be submitted to, and agreed in writing with, the planning authority.

**Reason:** In the interests of visual amenity and orderly development

3 Any additional panels or structures, proposed to be attached to the mast exceeding 1.3 metres in any dimension, shall be the subject of a separate planning application.

**Reason:** To regulate and control the layout of the development in the interest of orderly development

4 No advertising signage shall be erected on the mast, or ancillary equipment.

**Reason:** In the interest of visual amenity.
