At a meeting held on 11/11/2021, the Board considered the report of the Inspector, and the documents and submissions on file generally.

The Board decided that the proposed development, consisting of the uprating of the existing 110kV circuit between Glenree 110kV substation in the townland of Bunnyconnellan East, County Mayo and Moy 110kV substation in the townland of Gorteen, County Mayo, as set out in the plans and particulars received by An Bord Pleanála on the 15th day of September 2021, does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that a planning application should therefore be made in the first instance to Mayo County Council.
