BD-010065-22
ABP-311822-21

The submissions on this file and the Inspector's report were considered at a Board meeting held on 17/02/2022.

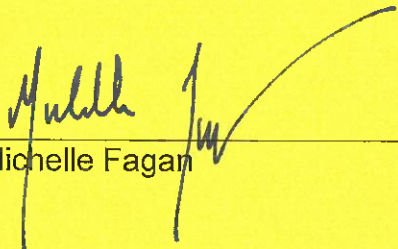

The Board decided to treat this case under section 139 of the Planning and Development Act, 2000. The Board also decided, based on the Reasons and Considerations set out below, that the planning authority be directed, as follows:

Remove condition number 4

Reasons and Considerations

Having regard to the nature and scale of the proposed development and the pattern of development in the area, it is considered that the requirement to incorporate a buff/brown colour brick elevation finish, as required by the planning authority in its imposition of Condition No. 4, are not warranted on visual amenity grounds. The proposed development, with the omission of Condition No. 4, would not have a significant impact on the residential or visual amenities of the area, and its omission would, therefore be in accordance with the proper planning and sustainable development of the area.
