The submissions on this file and the Inspector's report were considered at a Board meeting held on 26/07/2022.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

Reasons and Considerations

Having regard to the zoning objective as set out in the Dublin City Development Plan 2016-2022, the design, layout and scale of the proposed development and the existing pattern of development in the vicinity, it is considered that subject to compliance with conditions below, the proposed development would appropriately introduce residential use onto this suitably located infill site, would not detrimentally impact on the architectural heritage of the area including the adjacent Protected Structures, would be acceptable in terms of design, height, layout and scale of development, would provide a suitable level of accommodation and amenity for future occupants, would not seriously injure the amenities of the area, would be acceptable in terms of traffic safety/parking provision and would comply with the provisions of the Dublin City Development Plan 2016-2022 and the Quality Housing for Sustainable Communities, 2007. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

The form and amount of the security shall be as agreed between the planning authority and the developer or, in default of agreement, shall be referred to An Bord Pleanála for determination.</p> <p>Reason: To secure the protection of the trees on the site.</p>
