ABP-311910-21

The submissions on this file and the Inspector's report were considered at a Board meeting held on 25/01/2022.

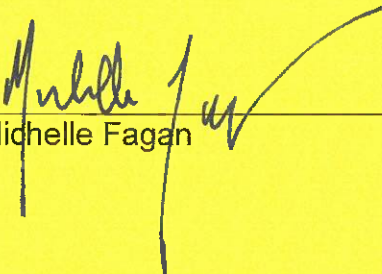

The Board decided to treat this case under section 139 of the Planning and Development Act, 2000. The Board also decided, based on the Reasons and Considerations set out below, that the planning authority be directed, as follows:

Remove condition number 2

Reasons and Considerations

Having regard to the residential land use zoning for the site, and to the pattern and character of development in the area, to the detached nature of the property and the location of the proposed extension behind the front building line with gated access, it is considered that the proposed door, by reason of its nature, design, and function, would not detract from the character of the existing dwelling or the visual amenities of the area, and would not detract from the residential amenity of the existing dwelling or adjoining properties. Therefore, the planning authority's Condition No. 2, requiring the omission of the door and its replacement with a window, is not warranted.
