The submissions on this file and the Inspector's report were considered at a Board meeting held on 19/05/2022.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the design, scale and layout of the proposed development, its relationship to surrounding properties, to the residential zoning objective for the area and the pattern of development in the area, it is considered that subject to compliance with conditions below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would be acceptable in terms of traffic safety and convenience. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

## Conditions

1.	<p>The development shall be retained and completed in accordance with the plans and particulars lodged with the application as amended by the further plans and particulars submitted on the 8<sup>th</sup> day of October 2021, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.</p> <p><b>Reason:</b> In the interest of clarity.</p>
2.	<p>Details of the materials, colours and textures of all the external finishes to the proposed dwelling shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.</p> <p><b>Reason:</b> In the interest of visual amenity.</p>
3.	<p>Prior to commencement of development, the developer shall enter into water and/or wastewater connection agreement(s) with Irish Water.</p> <p><b>Reason:</b> In the interest of public health.</p>
4.	<p>Water supply and drainage arrangements, including the disposal of surface water, shall comply with the requirements of the planning authority for such works and services.</p> <p><b>Reason:</b> In the interest of public health.</p>
5.	<p>Site development and building works shall be carried out only between the hours of 0700 to 1900 Mondays to Fridays inclusive, between 0900 to 1300 hours on Saturdays and not at all on Sundays and public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.</p> <p><b>Reason:</b> In order to safeguard the residential amenities of property in the vicinity.</p>

6. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.

**Reason:** It is a requirement of the Planning and Development Act 2000, as amended, that a condition requiring a contribution in accordance with the Development Contribution Scheme made under section 48 of the Act be applied to the permission.
