At a meeting held on 6/6/23, the Board considered the report of the Inspector, and the documents and submissions on file generally in relation to the proposed development.

The Board decided that the proposed development consisting of series capacitor equipment on the existing Moneypoint-Coolnabacky 400kV overhead lines and associated ancillary development as set out in the plans and particulars received by An Bord Pleanála on the 15/12/2021, does not fall within the scope of section 182A of the Planning and Development Act 2000, as amended, and that the planning application should be made under Section 34 of the Act to Laois County Council in the first instance.
