The submissions on this file and the Inspector's report were considered at a Board meeting held on 12/08/2022.

The Board decided to grant permission generally in accordance with the Inspector's recommendation, for the following reasons and considerations and subject to the following conditions.

Reasons and Considerations

Having regard to the pattern and character of development in the area, the design and scale of the proposed development, and the provisions of the Dun Laoghaire-Rathdown County Development Plan 2022-2028, it is considered that, subject to compliance with the conditions set out below, the proposed development would be acceptable in accordance with the zoning objective for the site, would not seriously injure the visual amenities of the area or the residential amenity of surrounding properties, and would not endanger public safety or convenience by reason of traffic generation or otherwise. The proposed development would, therefore, be in accordance with the proper planning and sustainable development of the area.

Conditions

1. The development shall be carried out and completed in accordance with the plans and particulars lodged with the application, as amended by the further plans and particulars submitted to the planning authority on the 22nd day of November 2021, except as may otherwise be required in order to comply with the following conditions. Where such conditions require details to be agreed with the planning authority, the developer shall agree such details in writing

with the planning authority prior to commencement of development and the development shall be carried out and completed in accordance with the agreed particulars.

Reason: In the interest of clarity.

2. The proposed development shall be amended as follows:

The proposed covered porch and its supporting wall along the western site boundary shall be omitted.

Revised drawings showing compliance with this requirement shall be submitted to, and agreed in writing with, the planning authority prior to the commencement of development.

Reason: In the interests of clarity and to protect residential amenity.

3. Water supply and drainage requirements, including surface water collection and disposal, shall comply with the requirements of the planning authority for such works and services.

Reason: In the interest of public health and to ensure a proper standard of development.

4. Details of the materials, colours and textures of all the external finishes to the proposed development shall be submitted to, and agreed in writing with, the planning authority prior to commencement of development.

Reason: In the interest of visual amenity.

5. Site development and building works shall be carried out only between the hours of 0800 to 1900 Mondays to Fridays inclusive, between 0800 to 1400 hours on Saturdays and not at all on Sundays or public holidays. Deviation

from these times shall only be allowed in exceptional circumstances where prior written approval has been received from the planning authority.

Reason: In order to safeguard the residential amenities of property in the vicinity.

6. The site development works and construction works shall be carried out in such a manner as to ensure that the adjoining street(s) are kept clear of debris, soil and other material and if the need arises for cleaning works to be carried out on the adjoining public roads, the said cleaning works shall be carried out at the developer's expense.

Reason: To ensure that the adjoining roadways are kept in a clean and safe condition during construction works in the interests of orderly development.

7. The flat roof area of the proposed side and rear extensions shall not be used a balcony, terrace, or otherwise as an external amenity area.

Reason: In the interest of residential amenity.

8. The developer shall pay to the planning authority a financial contribution in respect of public infrastructure and facilities benefiting development in the area of the planning authority that is provided or intended to be provided by or on behalf of the authority in accordance with the terms of the Development Contribution Scheme made under section 48 of the Planning and Development Act 2000, as amended. The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation provisions of the Scheme at the time of payment. Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to the An Bord Pleanála to determine the proper application of the terms of the Scheme.
