ABP-312487-22

The submissions on this file and the Inspector's report were considered at a Board meeting held on 19/05/2023.

The Board decided to refuse permission, generally in accordance with the Inspector's recommendation, for the following reasons and considerations.

Reasons and Considerations

Having regard to Objectives ECON 10 and Trans 28, and Appendix 12 of the Waterford City and County Development Plan 2022 – 2028, it is considered that the proposal, which would entail the replacement of a lower monopole telecommunications support structure with a higher one, would create an obstacle within the Inner Horizontal Surface that accompanies Waterford Airport. The Board is not satisfied that the proposed development would not interfere with the safe operation of the airport. The proposal would thus be contrary to the proper planning and sustainable development of the area.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes both traditional manual methods and modern digital technologies, highlighting the benefits of automation and data integration.

3. The third part focuses on the challenges faced in data management, such as data quality, security, and privacy. It provides strategies to address these challenges and ensure that the data remains reliable and secure.

4. The fourth part discusses the role of data in decision-making and strategic planning. It explains how data-driven insights can help organizations identify trends, opportunities, and risks, leading to more informed and effective decisions.

5. The fifth part covers the importance of data governance and compliance. It outlines the necessary policies and procedures to ensure that data is handled in accordance with relevant laws and regulations, protecting the organization's reputation and legal standing.

6. The sixth part addresses the future of data management, including emerging trends like artificial intelligence, big data, and cloud computing. It discusses how these technologies will shape the way organizations collect, store, and analyze data in the coming years.

7. The seventh part provides a summary of the key points discussed throughout the document, reinforcing the importance of a robust data management strategy for long-term success.

8. The final part offers concluding remarks and a call to action, encouraging all stakeholders to take ownership of their data and work together to improve the organization's data management practices.
