The submissions on this file and the Inspector's report were considered at a Board meeting held on 24/02/2023.

The Board decided to grant permission, for the following reasons and considerations, and subject to the following conditions.

### **Reasons and Considerations**

Having regard to the zoning provisions of the Fingal Development Plan 2017-2023, the nature and scale of the proposed development as amended at appeal stage and the pattern of development in the area, it is considered that, subject to compliance with the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity. The proposed development, would, therefore, be in accordance with the proper planning and sustainable development of the area.

In deciding not to accept the Inspector's recommendation to refuse permission, the Board considered issues raised by the Inspector in relation to the site that was the subject of a grant of permission under decision ref: ABP 309516-21. The Board noted the concerns of the inspector, but considered that the lands associated with proposed House No 2 under Drawing No 2020-23-ABP-101 of ABP 309516 were correctly amalgamated with Seafield House. The Board noted an ambiguity in previous plans relating to the quantum of private open space associated with 'House No 3' granted under permission ABP 309516, but considered this not to be material to the consideration of the current proposal before the Board.

The Board accepted the inspector's assessment of the siting, design and layout of the amended proposed dwelling and agreed that the proposal would result in an acceptable form of development in the area and would not set an undesirable precedent for future development. Furthermore, it considered that the proposed development would not be visually discordant and would be acceptable in terms of visual amenity by reason of its design, form and scale.

The contribution shall be paid prior to commencement of development or in such phased payments as the planning authority may facilitate and shall be subject to any applicable indexation

Details of the application of the terms of the Scheme shall be agreed between the planning authority and the developer or, in default of such agreement, the matter shall be referred to An Bord Pleanála to determine the proper application of the terms of the Scheme.
